Re: Jane Gibson Story.

Timothy Newell Pfeiffer, Esq.,
120 Broadway,
New York City.

Dear Sir:-

Mr. Edwin Carpender said that he had been requested to secure the following information but he does not recall who had made the request, but assumed that you desired it, namely;

Julia Hartman of the Daily News is the first person to whom Mrs. Jane Gibson is supposed to have told her story to four years ago. She is now married but he did not secure her present name.

Deiner of the Home News was one of the first persons out to the Phillips farm after the finding of the bodies. After Mrs. Gibson's story came out he took Mr. A. C. Clark of the Raritan Copper Works at Perth Amboy and some friend of Clark's to the Phillips Farm. Deiner, Clark and the other man made certain observations. Standing at the place where Mrs. Gibson claims to have been when she observed what she claims to have seen on the night of the murder it was noted that it was impossible to see from that point in the day time, much less than at night.

This for your information.

Respectfully yours,
